The Pueblo Area Council of Governments is preparing an update to the region's Long Range Transportation Plan.

The 2040 Long Range Transportation Plan will provide a framework for making long-term improvements to transportation services and facilities.

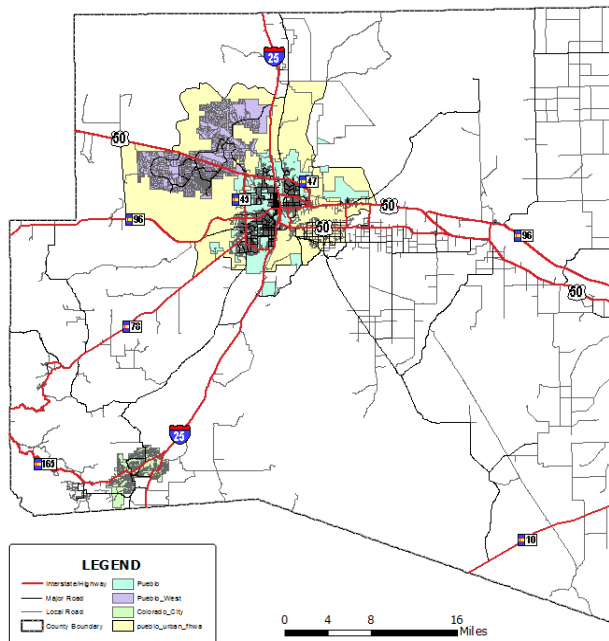

- City of Pueblo
- County of Pueblo
- Board of Water Works
- School District No. 60
- School District No. 70
- Pueblo West Metropolitan District
- Colorado City Metropolitan District
- Salt Creek Sanitation District

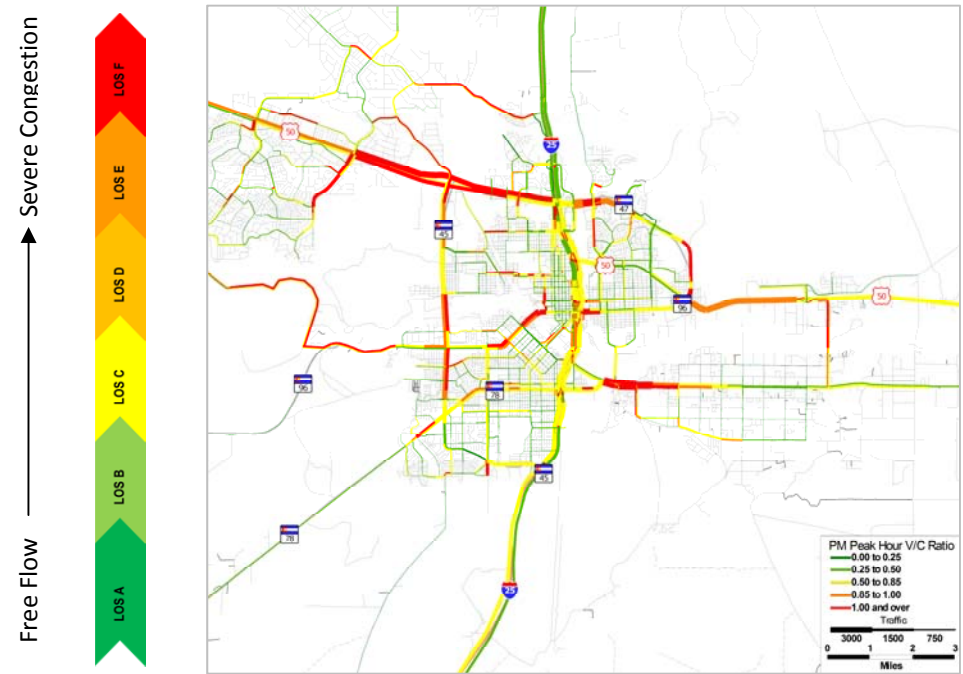

WHAT IS PACOG?

The Pueblo Area Council of Governments is a voluntary association of municipal and county governments. The sixteen voting members of PACOG consist of the seven City Council Members, three County Commissioners, and one member each from the Water Board, both School Boards, the two Metropolitan Districts and Salt Creek Sanitation District. PACOG is the federally designated Metropolitan Planning Organization (MPO) for the Pueblo Metropolitan Area. With the cooperation of the County and the City of Pueblo, PACOG develops a consolidated framework for achieving a safe, efficient transportation system that serves the mobility and accessibility needs of people and freight in the region.

PACOG Planning

Without improvement to the region's roadways by 2040, congestion will become widespread and more severe.

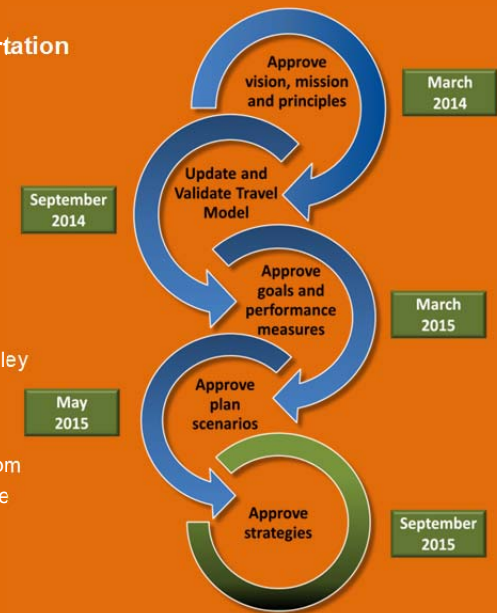

Get Involved!

Your input is invaluable in the transportation planning process!

Ways you can get involved:
