

Transportation Planning in the Pueblo Region

What is the PACOG?

The Pueblo Area Council of Governments (PACOG) is a voluntary association of municipal and county governments. The sixteen voting members of PACOG consist of the seven City Council Members, three County Commissioners, and one member each from the Water Board, both School Boards, the two Metropolitan Districts and Salt Creek Sanitation District.

Pueblo's 2040 Long Range Plan Framework

Goals and Objectives

Goal #1: Safety

- Improve safety by providing a multi-modal transportation system that focuses on the reduction of the frequency and severity of crashes

Goal #2: Infrastructure Condition

- Improve and sustain the surface conditions of the State highway system
- Maintain Bridges
- Maintain Transit and Non-Motorized
- Maintain Passenger Rail

Goal #3: Congestion Relief

- Bring all interstate, NHS, U.S. and other state highways up to current AASHTO standards that improve the flow of motor vehicles and transit
- Relieve existing heavy congestion on U.S. highways, NHS highways by implementing alternative transportation corridors (i.e. Bypass facilities)
Provide a safe and efficient interstate and NHS, and other State highway system for the movement of freight

Goal #4: Freight Movement & Economic Vitality

- Provide a safe and efficient interstate and NHS, and other State highway system for the movement of freight
- Encourage corridor preservation and expansion efforts for both passenger and freight rail, and railroads
- Provide a transportation system that encourages new business, economic development and industry expansion that is integrated with future land use plans and policies

Goal #5: System Reliability

- Provide transportation facilities that optimize system performance and safety, and preserves and enhances the present and future mobility needs of the Pueblo Region

Goal #6: Environmental Sustainability

- Reduce fossil fuel consumption and reduce greenhouse gas and other emissions
- Improve and support transportation system improvements that address needs for citizens with disabilities, low incomes, and other special needs residents in the region
- Reduce transportation-related adverse impacts to communities, neighborhoods, natural environments, and areas identified for cultural and/or historical preservation
- Protect and/or avoid areas containing critical habitat for threatened and endangered species, and wildlife travel corridors
- Minimize the amount of stormwater runoff and transportation-associated pollutants that enter the region's streams

Goal #7: Reduce Project Delivery Delays

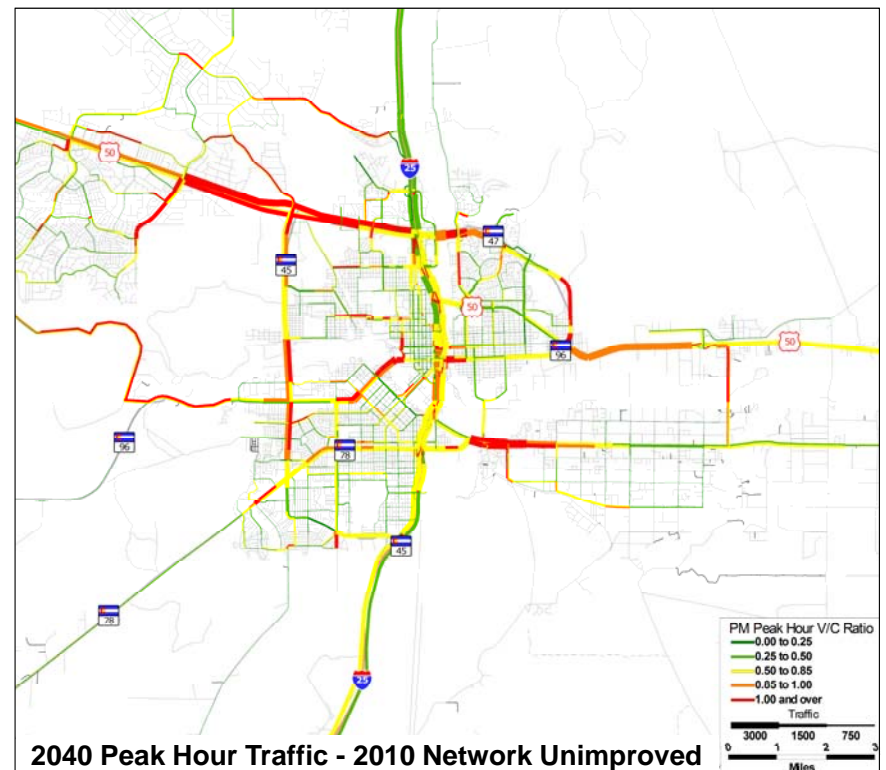

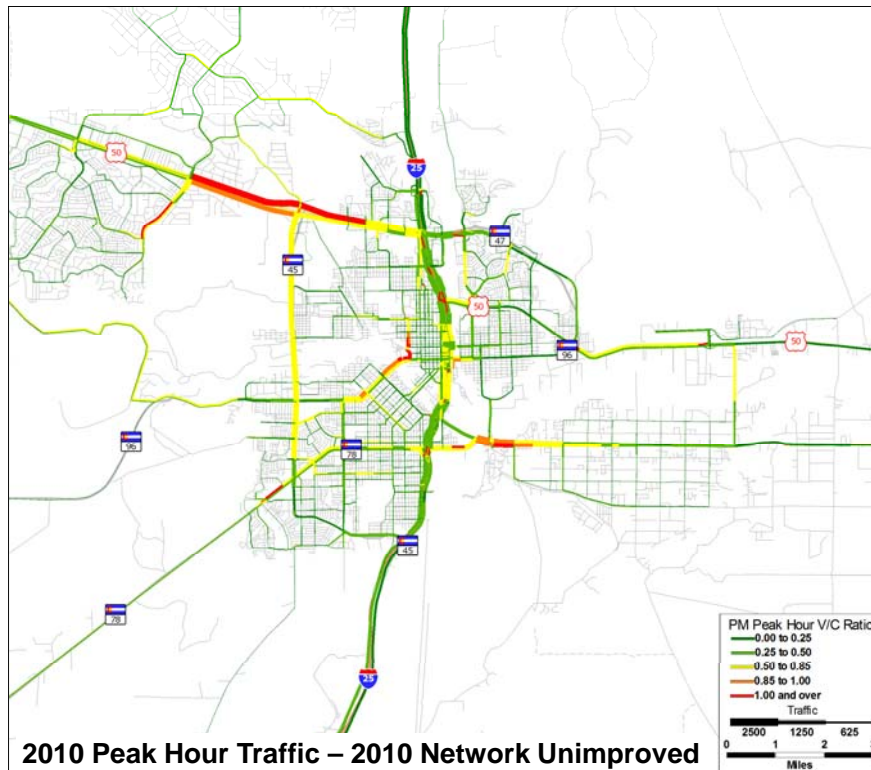

Accelerate the timeframe for the completion of projects

Goal #8: Support Multi-Modal Transportation

- Increase the Bicycling and Walking activity in Pueblo County for people all ages
- Improve the quality of life through an increase in attractive multi modal facilities accessible for pedestrians and cyclists and improve connectivity
- Increase non-motorized transportation usage in Pueblo by integrating multimodal improvements as part of upgrades to the existing roadway system
- Maximize transportation investments with bike and pedestrian enhancements
- Increase public & governmental support for bicycling in Pueblo
- Improve Public Health with alternative forms of transportation

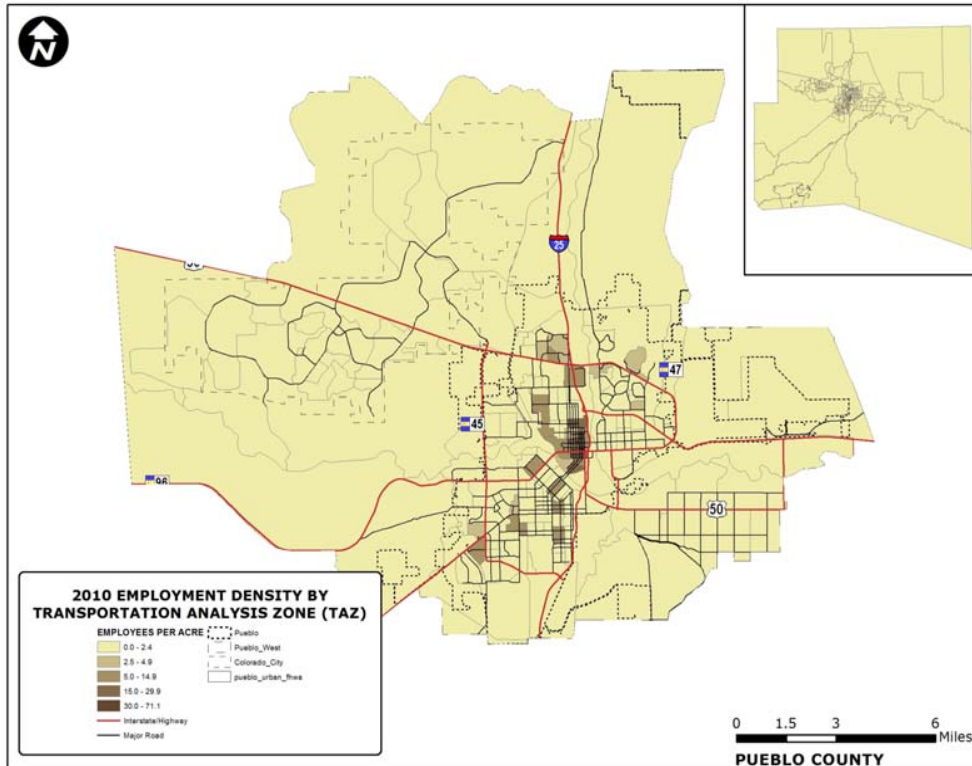

Tracking Progress: Goal attainment performance targets are set for 2020, 2030 and 2040

Current and Future Roadway Needs Assessment

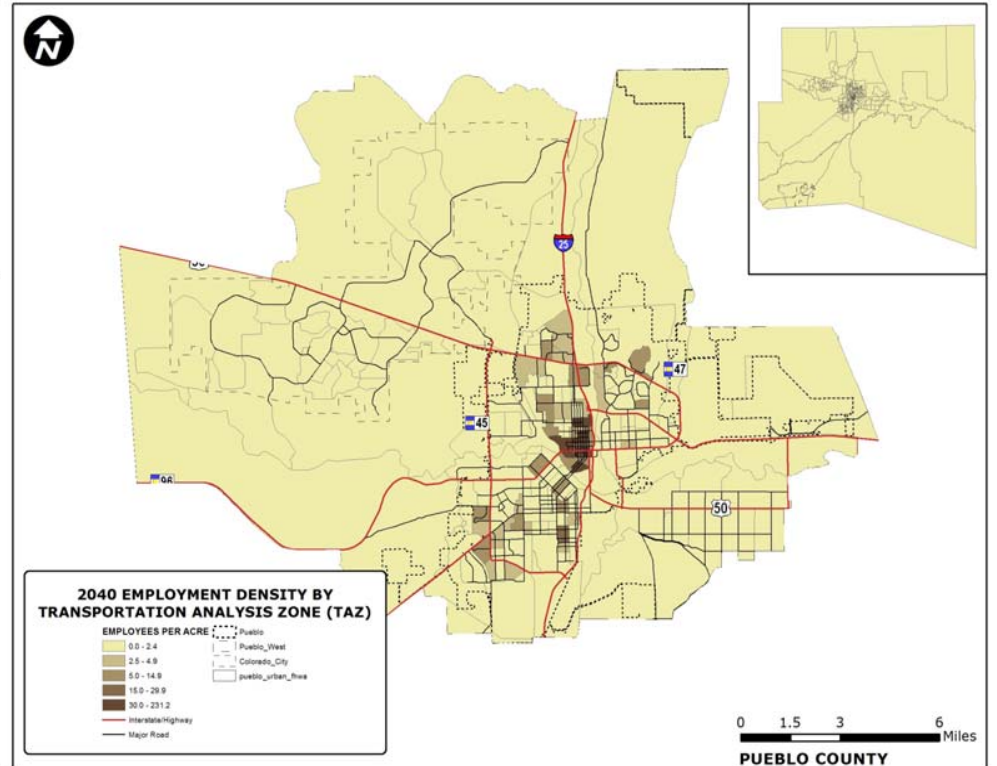

Without improvements to the region's roadways by 2040, congestion will become widespread and more severe.
